#### CORRIGENDUM

In the article by A. S. Wilkins, R. W. Wrangham, and W.T. Fitch (*GENETICS* 197 (3) 795-808. doi: 10.1534/genetics.114.165423) entitled "Domestication Syndrome" in Mammals: A Unified Explanation Based on Neural Crest Cell Behavior and Genetics," the following publications were inadvertently omitted from the literature cited section. The citations include more recent discussion of Susan Crockford's ideas on thyroid metabolism and domestication.

Crockford, S.J., 2004 Animal Domestication and Vertebrate Speciation: A Paradigm for the Origin of Species. Ph.D. dissertation. University of Victoria, British Columbia.

Crockford, S.J., 2009 Evolutionary roots of iodine and thyroid hormones in cell-cell signaling. *Integrative and Comparative Biology* 49: 155-166.
